

GBR – High Cycle Railgate Models

GBR Railgate Models

GBR models apply a steel roller and leaf-chain pulley system to maximize smoothness of motion, endurance, and strength.

Expertly engineered GBR Railgate is ideal for a level ride for those higher weight capacity lifts.

These GBR lifts are built with the highest quality components and place a priority on function, safety and consistency.

GBR Railgate Series Features

- Easy fold Gas bottle racks
- Steel Rollers within rail track
- Recessed Light Kit
- Self-close Arm System
- Safety Trip Bar
- Platform drop down function – allows work vehicles to load/unload in any manner/ location
- Lifting capacity of 1135kg
- Torsion spring platforms
- Ideal for high cycle applications in any environments
